## Makita Cordless 14" Abrasive Cut Off Wheels

Thin kerf design reduces cutting load for optimal cutting speed and increased work load per battery charge

Suitable for use with ferrous and non-ferrous metals

For use with Makita DLW140Z  
18Vx2 14" Cut Off Saw

Visit [makita.ca](http://makita.ca) for more information!

## Makita Anti-Vibration Diamond Cup Wheels

Features rubber anti-vibration rings to reduce vibration transmitted to operator by up to 30%

Anti-vibration design increases performance and efficiency by eliminating "chattering" and ensuring maximum contact with material surface
