

Satisfy Professional's Needs

Cordless Clipped Head Framing Nailer GN900S

Hoseless and High Performance

Easy Handling by using fuel gas as the power source, not using hoses and compressors

Protective bumpers

- Protect workpiece and the tool from scratches/ damage.
- Prevent the tool from slipping down on inclined surface such as a sloping roof.

Anti-Dry-Fire mechanism

Driving depth adjustment
(using Hex wrench)

Contact arm's top with anti-slip sure-grip spikes

Drives up to 3.3mm (0.131") in shank diameter with 90mm (3-1/2") of length 34 degree paper tape collated clipped head stick nail.

Magazine capacity: 44 nails (1 strip)

Note: Full round head nail cannot be used.

1,200 nails (approx.): the number of nails per Fuel cell

Ergonomically designed handle with rubberized soft grip
provides comfortable grip and more control while minimizing hand fatigue and pain.

Dual position hook
convenient for hanging from rafter or steel pipe

Uses 7.2V Li-ion battery BL7010
as the power source for ignition spark, gas mixing, air intake/exhaust and supply of cooling air.

Battery BL7010

Charger DC07SA
Charging time: 30 min.

4000 nails (approx.): the number of nails on a single full battery charge

LED indication lamp with two convenient functions

- 1. Battery power warning**
 - Blinking red warns that the remaining battery capacity is getting low.
 - Solid red warns that recharging is required.
- 2. Trouble detection**
If trouble is detected, this function warns user by green/red alternate blinking and orange blinking.
